## PROFESSIONAL SUMMARY

---

Dedicated IT Professional with robust experience in software development project and operations management, blending technical expertise with strategic business acumen. Demonstrated success in streamlining operations and leading diverse teams, with a strong focus on innovation and results, committed to leveraging knowledge in agile methodologies and data analytics to drive technological solutions and business growth.

## WORK EXPERIENCE

---

### Consulenze Industriali BPV

Remote

*IT Project Manager / Software developer*

2020 - Present

- Implemented a comprehensive relocation plan for the client, which reduced expenses by over 24% in the first year, saving \$1.2M annually.
- Coordinated and managed my team during the relocation project, ensuring all deadlines were met and work was completed efficiently.
- Designed and implemented a new cost-tracking system to monitor expenses, identifying cost-saving opportunities that resulted in an additional 10% reduction in costs.
- Managed day-to-day operations of IT projects, ensuring adherence to timelines and budgets, resulting in on-time project delivery.
- Utilized agile methodologies to streamline software development processes, reducing project completion time.
- Collaborated with cross-functional teams to establish and maintain strong relationships with stakeholders, increasing client satisfaction ratings.
- Leveraged Full-Stack Software Engineering expertise to develop and maintain robust Industrial and customer-facing software solutions and websites. Applied agile methodologies and deep technical understanding to successfully manage large-scale projects, ensuring high performance, scalability, and user-centric design

### Hospitality Corp.

Toronto, ON

*Operations Manager*

2023 - 2023

- Operational management and quality control in high season: effective supervision of daily operations during the peak season, ensuring adherence to company standards. Direct engagement in supporting staff, promoting a professional work environment focused on customer satisfaction.
- Safety and Hygiene maintenance in intense periods: rigorous attention to the safety and hygiene of equipment and food, especially crucial during high-traffic periods. Adoption of strict procedures to ensure compliance with health regulations.
- Process optimization and team leadership in high season: Efficient team coordination to reduce waiting times and maintain order, especially during high footfall. Motivational leadership of the staff to achieve common goals and improve productivity.
- Financial and operational management in peak period: Handling opening and closing responsibilities of the venue during high season, including cash operations and daily fund management. Accurate management of financial transactions to ensure efficiency and security.

### Caffetteria Aurora

Italy

*Business Owner*

2020 - 2023

- Active Management challenging context: As a young entrepreneur, I led my café situated in an economically disadvantaged area during the critical period of the COVID-19 pandemic. Despite the challenges, I was directly involved in daily operations, including opening and closing the establishment, demonstrating personal commitment and a hands-on approach. This determination and resistance significantly contributed to an annual turnover of \$120,000, showcasing my ability to thrive under challenging circumstances.

- **Innovative Cost-Saving Strategies:** Developed and implemented cost-saving measures such as sourcing from local suppliers and reducing waste, leading to a 15% annual reduction in operating expenses. This strategy not only improved the sustainability of the business but also its impact on the local community.
- **Problem-solving Adaptability:** Running a business in a dynamic environment taught me to think quickly, adapt to unforeseen challenges, and find creative solutions. This adaptability and problem-solving mindset have been essential in handling project complexities and solving issues as they arise.
- **Excellence in Hospitality and Customer Management:** I placed a strong emphasis on hospitality and customer relations, creating a welcoming environment and customer-centric service culture. This led to increased customer loyalty and enhanced the cafe's image and reputation.
- **Leadership and Team Development:** As a leader and manager, I developed and motivated my team to ensure exceptional service. My leadership fostered a positive work environment, allowing the business to thrive in terms of service quality and financial results.

<b>Hastec LTD</b>	<b>Tokyo, JP</b>
<i>Ground operations Specialist, Properly Management</i>	<i>2022 - 2023</i>
<ul style="list-style-type: none"> <li>• <b>Staff Training and Efficiency Enhancement:</b> Successfully trained and onboarded new staff members in effective housekeeping techniques.
